SUGAR EXPORTS FROM CUBA HAVE BEEN FALLING

(By Associated Press)

HAVANA, Cuba, Aug. 15.—The problem confronting the Cuban government as a result of the collapse of the sugar market is set forth by figures of the Ministry of Finance under the heading "The Sugar-Crop a Dilemma for President Kayas," as follows:

According to the last weekly bulletin sugar production on July 14 reached a total of 2,588,298 long tons. Six thousand tons in October, previous sugar production probably will average 2,500,000 tons.

Exports from the present crop of 1921-22 were only 1,500,000 tons compared with 2,000,000 tons in 1920-21. The government has a deficit of 1,000,000 tons of sugar. It will be necessary to import 1,000,000 tons of sugar to meet the demand.

The situation presents the following problems: 1. The government must find a way to pay for the sugar it needs. 2. The government must find a way to pay for the sugar it needs.

WHEN Chaco comes to take the river on his ferry, I hope to face that other shore with spirit, brio and merriment. And take the wholesome things of earth. Its love and joyous laughter. And all its various gifts of worth along to the hereafter.

MONTH'S WAGES WILL NOT BUY POUND BUTTER

(By Associated Press)

HAVANA, Aug. 15.—Prices of foodstuffs on the Moscow market are reported steadily decreasing. A pound of butter is now sold at 1000 rubles, down from 1200 rubles in July. The average wage paid in factories is 1000 rubles a month.

The Moscow ration for the week reported by the official Pravda, was for workers of the preferred class, three pounds of black bread, one pound of white bread, and small quantities of other essentials for a period of five days.

The government is doing now with the nickel industry. There is no other solution. And there is no time to waste.
